Industrial action affecting bus services

Dear Parent/Carer

As you may be aware there is planned industrial action for some bus services in Greater Manchester from Friday 19th September until Monday 22nd September (inclusive).

We have looked at the bus services affected and it appears that the industrial action should not affect the vast majority of our pupils. Please see link below for further information.

<https://tfgm.com/bus-industrial-action>

We anticipate that the industrial action will place greater pressure on those bus services that are running. We ask that your child takes this into consideration and ensures that they make every effort to arrive to school on time by setting off earlier for school. Please be reminded that we run a breakfast club from 8am each morning.

We will not run a late detention for those pupils that arrive to school by 8.55am (the close of registration). In addition, for those pupils where it is possible, we ask that you consider a different travel plan on these days eg. walk, bike or car.

Please be aware that any pupils that do not attend school on this day due to the industrial action will be marked as an unauthorised absence.

Thank you for your support and understanding.

Yours sincerely

Mrs E Walker (Headteacher)
